ABOUT ME

Enthusiastic and detail-oriented Software Engineer with a strong foundation in full-stack development and software engineering principles. Skilled in building responsive, scalable, and efficient applications using modern technologies and best coding practices. Passionate about developing clean, maintainable code and delivering high-quality software solutions. Eager to contribute to dynamic teams and grow within a performance-driven and innovation-focused organization.

EDUCATION

Hindu Higher Secondary School, Watrap - SSLC : 94.4% - Year : 2019–2020

Hindu Higher Secondary School, Watrap - HSC : 90.6% - Year : 2021-2022

Government College of Engineering, Tirunelveli

B.E. Computer Science Engineering – CGPA: 8.4 Year : 2022-2026

SKILLS SUMMARY

- | | |
|--------------------------------------|--|
| • Programming languages | C , Python , SQL |
| • Web Technologies | HTML , CSS , JavaScript , React , Postman, Shopify |
| • Design Tools & Platform | Canva , Figma , GitHub , MS Tools , VS Code , Cursor IDE |
| • Soft Skills | Communication , Teamwork , Problem Solving |

INTERNSHIP EXPERIENCE

Software Engineer Intern – Codem Inc| 7 months (Dec 2025 to Jun 2026)

Supported the team in software development and testing activities, contributing to real-time project tasks in a collaborative environment. Assisted in debugging, API testing using Postman, and basic database operations with Prisma ORM while ensuring smooth application functionality. This internship helped me strengthen my problem-solving, analytical thinking, and understanding of real-world software development workflows.

Web Development Intern – Icanio Technologies | 1 month (July 2025)

Contributed to the development of responsive web applications using HTML, CSS, and JavaScript. Improved user interface design, resolved front-end issues, and conducted testing to ensure optimal functionality and performance. Gained hands-on experience in front-end development, debugging, and responsive web design.

PROJECTS

Personal Portfolio Website

Developed a responsive personal portfolio website showcasing projects, skills, and achievements. Built an intuitive user experience with modern web technologies and mobile-friendly design. Integrated project highlights and professional profiles to strengthen online visibility. Demonstrates strong front-end development and UI design capabilities.

Event Management Web Application

Developed a web-based Event Booking & Vendor Management Platform using HTML, CSS, JavaScript, and MySQL. Implemented vendor management, service selection, search functionality, and database integration to streamline event planning and booking processes while ensuring a responsive and user-friendly experience.

CERTIFICATIONS

- Front-End Development – Great Learning
- Python for Beginners – Infosys Springboard
- Prompt Engineering – LinkedIn Learning

ACHIEVEMENTS

- 2nd Prize – Paper Presentation (JP College Fest)
- 1st Prize – Connection Event (FX College Fest)
- Finalist – Hackengers Hackathon

EXTRACURRICULAR & VOLUNTEERING

- NSS Co-ordinator– Participated in social welfare activities.
- Co-ordinator – Blood Donation Team (UTHIRA).
- BIS Voluteneer - Participated in Social Product Awareness Activities.
